Academic Goals

Take Up Much Of The Time

Last summer C. C.'s chemistry lab was completely remodeled. Because of the need for additional classrooms the chemistry lab had to be made functional as a classroom as well as a laboratory. This new layout was designed by Fr. Klosterman. The main desk was moved from the center to a platform in the front of the room. All the Students' desks face the main desk. The desks themselves feature a recessed sink which can be covered when not in use, thus providing maximum efficiency for both class work and experiments.

National Honor Society Sponsors Successful Food Drive

Under the guiding hand of Father Embser, the student body, led by the National Honor Society, collected over four thousand cans of food at Christmastime. Surrounded by the food, including one can of Alpo Dog Food (under Father Embser's arm), the members faced the huge task of sorting and delivering the foodstuffs to four agencies around the city.

English Department Teaches Students to Communicate with the World They Live in

In an age of computers and space travel the problems of communications and appreciation of the finer arts of language and literature tend to be forgotten. The English Department of Catholic Central is trying to meet these problems by teaching students the skill necessary to express themselves and the knowledge to understand and appreciate literature ranging from the classics of Greece and Rom through the literature of today. The reading of popular novels and the literature helps students appreciate the writings, ideas, and beliefs so prominent in our times. Pupils learn to convey their ideas through a program of interpretive reading, prepared speeches, debates, extemporaneous speeches, and the proper use of English in essays and simple poetry. For students who demonstrate a superior skill in this field and who desire a greater challenge in literature, an honors course of college English is offered.

"The study of one's predecessors", but we are the ancestors of tomorrow's students. Today, our accomplishments seem meager and trifle to us but as we have learned through our studies in ancient, modern, and American history, these "small" things are enlarged to historic events tomorrow. The main purpose, therefore, of the History department is to instill in our minds an appreciation of the accomplishments and culture of our ancestors.

Language Department Grows

Fr. C. Harrison

Music

In the past the language department of Catholic Central has been sufficient to fulfill the needs of the students and the requirements of most colleges. But this year, because of the ever increasing demands of colleges and universities, the watchwords have been expand and improve. German has been added giving the students a choice of three languages.

Latin, although no longer required, draws more students than any other language. It is the only language in the school so far that offers a program covering all four years.

French has grown in the past to a state where it now embraces a large number of students. The latest approach to language teaching is being employed, and plans are being made to expand this branch of the department to four years. One of the assets to French has been Fr. Guiness, a native Frenchman who has been teaching part time. We hope to have him back next year as a full time instructor.

The extensive effort on the part of both students and staff has given the language department success in achieving its goal – a better understanding of foreign peoples through their languages.

Today's technical world is requiring a better understanding of mathematics. As the technical advancements of tomorrow will influence the world, Mathematics will play a greater part in the volcations and occupations of tommorrow. For this reason the math teachers at Catholic Central have worked to achieve a more unified and comprehensive curriculum.

The program provides the opportunity for each student to major in Math at either a regular or advanced pace. In addition a small group of seniors may earn eight college credits by successfully completing University of Detroit's Freshman calculus course which is taught here.

The Math Department is earnestly keeping pace with the recent developments in its field, and hopes to continue doing so in the future.

Science Department

Prepares Students of Today

for the Complex World

of Tomorrow

To meet the challenge which faces both the modern scientist and student of science, Catholic Central has now one of the most complete courses in the fields of Physics, Chemistry, and Biology. The Science Department is equipped with a complete lab in each of these, including the new $25,000 Chemistry labratory and lecture room.

Students learn the sciences by first being exposed to its principles and laws. They are then given the opportunity of applying what they have learned at least twice a week during the lab periods.

Catholic Central can indeed be proud of its Science Department. With the latest equipment and methods of teaching, it has helped to rank our school high on the list of academic finesse.

Religion Department Stresses New Spirit of Catholicism

"The influence of the Church in the field of education is shown in a special manner by the Catholic school. No less than other schools does the Catholic school pursue cultural goals and the human formation of youth. But its proper function is to create for the school community a special atmosphere animated by the Gospel spirit of freedom and charity, to help youth grow according to the new creatures they were made through Baptism as they develop their own personalities, and finally to order the whole of human culture to the news of salvation so that the knowledge the students gradually acquire of the world, life and man is illumined by faith. So indeed the Catholic school, while it is open, as it must be, to the situation of the contemporary world, leads its students to promote efficaciously the good of the earthly city and also prepares them for service in the spread of the Kingdom of God, so that by leading an exemplary apostolic life they become, as it were, a saving leaven in the human community.

Declaration on Christian Education, Vatican II.

Guidance

The motto of the Basilian Fathers says in part, "Teach me goodness." This goal of education is of prime concern for a Catholic school. The religion Department is that vital core which is necessary in achieving such a goal.

At Catholic Central religion is not merely a course to be taught and learned. Religion teachers try to instill in their students not only facts about the Church, but rather a deep insight into the mysteries of the Catholic Faith in relation to today's world. This will enable him to face life and its problems as a mature Christian man.

Fr. W. Stoba C.S.B.

Guidance--An Important Factor

in the Developement of the Whole Man

The prime goal of Catholic Central is to mold boys into good Christian men. Each student has the opportunity to learn "goodness, discipline, and knowledge" from his teachers. However, to insure that each student is confronted on a more personal level, we have a guidance department.

Fr. Stoba, Mr. Heath, and Fr. Elmer are literally Catholic Central's guiding light. Through their patience, time, and understanding, they have reaped enumerable opportunities on the students, benefitting them in thousands of ways which we shall not fully realize until we have left C.C. These life-savers have assisted every boy attending Catholic Central in his constant strife against that quarterly menace – marks. And for this quality alone we shall all be forever indebted to them.

Art at C.C. is taught by Mr. Rybarz. He states that though on the whole Catholic Central has the average art class, it does have a few exceptionally talented art students. Two of these are James Grubola and Kenneth Garbinski. Mr. Rybarz commended a picture done by James Grubola. It depicts a scene of a billiard room with a teenager leaning over a pool table to shoot. From a short distance the picture looks unusually realistic. It has complex composition and good color, and is done in acrylic paint.

Some of the mediums used by Catholic Central art students are pencil, India Ink, Collage, paint, water colors, and charcoal. Mr. Rybarz states also that there have been some good pen and ink drawings, and predicts that some of the students may become good artists.

Varsity Football Team Posts Respectable Season

Even as the Greenbay Packers knew that it was tough to win football games, the Shamrocks knew better as they fought tough teams this season yet rolled up an impressive record. Coach Foley drove the inexperienced, Junior dominated team to second place in the league and added a feather to the school's hat by defeating Notre Dame. Mr. Foley worked hard to form the eleven Seniors, twenty-one Juniors, and eight Sophomores into a league giant that would do the killing. The terrific, individual efforts of the team members show not only in the fine season they had, but also in the long list of All-City and All-League players.

The year started well for the Shamrocks as they routed archrival U. of D. Brother Rice downed the Shamrocks the next game, but student and team spirit was strong as the team bounced back for victories over De La Salle and Salesian. C.C. then headed into the Boy's Bown with a full head of steam to pressure the favored Cathedral team to a thirteen-thirteen tie. The team was now prepared for the big battle against the Irish of Notre Dame. The luck of the Irish was drastically changed in this game as the student body backed the team to a tremendous effort on the field. This game appropriately held the play of the year as quarterback Dan Duffey gained an excellent block from All-City Ron Marsh to gain fifty-one yards and another six points to break the seven year jinx against Notre Dame and bring the final score to the Shamrocks favor.

Varsity Coach Bill Foley turns a searching gaze on the varsity Shamrocks.

Freshman Team Shows Promise

Fr. French show Freshman line how its done.

Showing the same enthusiasm and drive which powers all Catholic Central athletic teams to championships, the cross country team, loaded with ability and spirit finished high in the city standings. Led by Senior Co-Captians Tony Kreft and Dan Demery and backed by speedy Tom Lutz and John Schrot, the Harriers showed the ability needed for a good season. But even with all this going for them, one single factor is always necessary for victory – a good coach with the ability to lead. This man is Mr. James Smith, who piloted this years team to near perfection. This single quality has proven itself successful time and time again during the season. All told, good coaching and fine teamwork make the C. C. team.

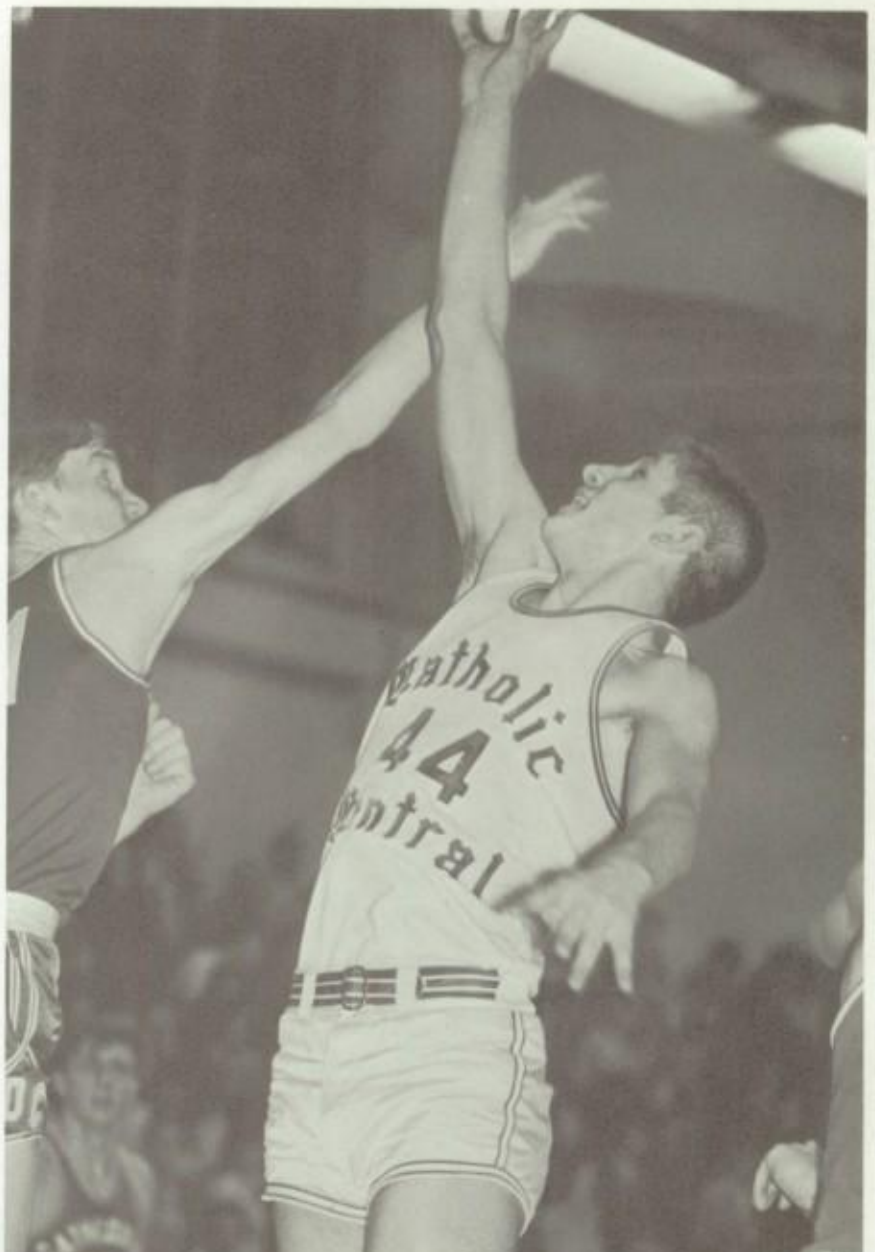
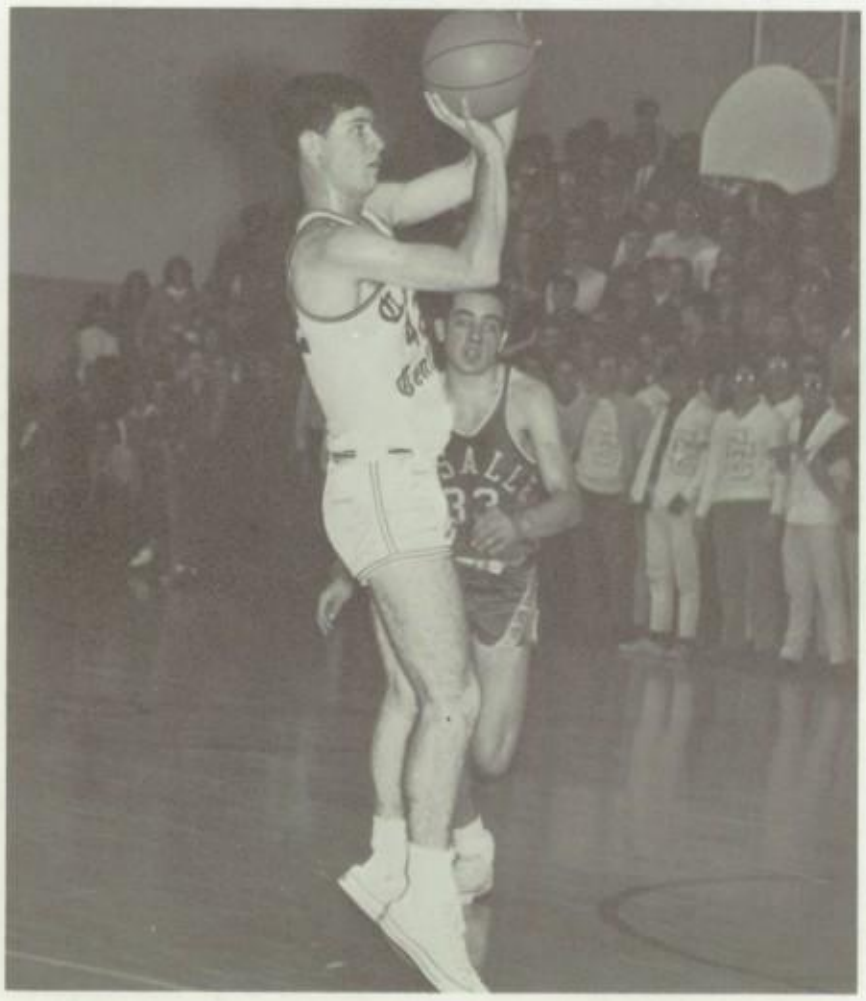
Youth. Inexperience. Hustle. These three words accurately describe the 65-66 Shamrock basketball team.

As the season opened Catholic Central found itself being represented by the youngest team in its history. It consisted of two seniors, six juniors, and six sophomores. There was some question raised as to how the team would fair in the tough competition of the Central Division, but the answer was soon known as the Shamrocks, under Head Coach Bill Foley's direction, won four of their first five games. Included in these victories was a triumph over archrival U. of D.

While the season progressed the youthful team gained in experience and confidence. Some of the breaks, however, did not fall their way. When league play had ended, C.C. was in fourth place two games over 500.





Throughout the season the team was paced by All City junior forward Nick Ferri, and senior guard, John Cicchelli. These two gave the Shamrocks the 1-2 scoring punch which proved decisive in most of the games.

Freshman Basketball Team

For the past two years, Mr. Pollard has made champions of freshmen basketball teams. This year was no exception as the Frosh roared to a 13-1 league mark and a tie for first place. Notre Dame upset the Frosh in the last stages of the season to spoil their perfect season.

As far as potential is concerned, the Frosh are well stocked. According to Coach Pollard, there are seven or eight boys capable of being future varsity material. The high scoring Frosh outfit was led by Pat Brancheau, who was promoted to the varsity as a result of his efforts.

Coach Fr. G. French discusses strategy with his team.

Even with the loss of their six top players to the varsity, the reserves had little trouble in capturing their second straight league title. They went through league play in perfect fashion piling up a 12-0 record. The only blemish on their entire record came in a non-league game to River Rouge at Cobo Hall.

The reserves relied chiefly on a well balanced scoring attack and a staunch defense to carry them through their season. Fr. French, reserve coach, received strong performances all season long from John Hornyak, Bill Fitzgerald, Rod Wysocki, and Clancy Wudcoski.

The Puh just before the battle.

This year marked an important milestone in the progress of hockey at C.C. For the first time Catholic Central was represented on college teams in the persons of Bruce Koviak at the University of Michigan and Bill McSween at Brown University. Dan Frederick played for the Flyers at the University of Dayton.

The Varsity's record of 10-5 was impressive. However, the fact that the team twice beat Ann Arbor High, eventual High School Champs for the State, and Burton Title, National Juvenile Champs, makes one wonder what would have happened had they played their best hockey all of the time.

Nine seniors – Al Barczuk, Mike Bucchianeri, John Kowalske, Dennis Markiewicz, Pat Ronayne (leading scorer for the year), John Runyon, Jim Salczynski, and Bill Wills now move on to college. We hope some of them will be able to continue their hockey.

This winter a new sponser, Indexable Inserts, assumed support of one of our teams. For this kindness we are indebted to Mr. Elmer Grade and Mr. Charles Grade.

The boys on the Emmert and Hettche Teams gained valuable experience. Indexable Inserts went to the finals in their league.

Swimmers Improve in Second Year of Competition

Sweat, rugged competion, and determination have molded Catholic Central's swimming team into one of the best in the league. This was only the team's second year of competition, but under the capable guidance of Coach Marvin Fraser the Shamrocks finished in fifth place.

In a year in which the record books were rewritten, the team was paced by co-captains Pete Brennen and Bernie Dominich along with Mike Truesdell, and Kevin Killeen. The future looks bright for C.C. in swimming, for the team has a solid nucleus returning for future seasons.

Wrestling Team Has Best Season

The Shamrock wrestling squad had its most successful season this year against some of the toughest teams in this area. Under the able eye of coach Angus Mackenzie, the Shamrocks took a big step toward making C.C. a great wrestling power. The matsmen won ten meets while losing only four and tying one. The team was headed by five all-city wrestlers. John Israel led the group by placing second in the regionals, Jim Snyder Placed third, and Sam Unangst, Glen Champagne, and Junior Mike Yesbick all placed fourth in their respective weight classes. Despite the loss of seven lettermen by graduation this spring, the future looks bright for the Shamrocks. There will be many wrestlers with varsity experience returning. The Shamrocks reserve squad was also the strongest in the history of the school. They won ten meets while losing only three. So even though this year's team was one of C.C.'s strongest, next year's team may hold potential state champs.

Catholic Central's bowling team is one of the school's forgotten athletic teams, although the team placed well in the West Side League. The team pacesetters this year were Junior Keith Hanley and Senior Bob Turon. However the general terrific ability of the team can be seen from the fact that twenty of the twenty-two bowlers had an average above 130. Fr. Flood, moderator, said, "Bowling is serious. For a winning team you need perseverance, proficiency, and attendance." Undoubtedly the team has shown these qualities. Our compliments on a job well done.

Coach Jim Smith believes that Catholic Central will follow a long established tradition and will again this year have a superb track team. He feels that this squad has the ability to match teams of the previous three years. The records which these teams have compiled are unbelievable. In both 1963 and 1964, C.C. won not only the Central Division crown but also went on to win the Catholic League Championship. In 1965 they took the runner-up position in the Catholic League. During these same years Catholic Central has lost only three of its last twenty-one dual meets. These are achievements for which the Shamrock trackmen have worked very hard; records which they have earned by working as a team as well as individually. These are honors of which all students at Catholic Central should be proud.

The National Honor Society Provides

Intellectual Leadership

for the School

In its second year since being revived by Fr. James Embser, C.S.B., the National Honor Society is striving to become a vital part of Catholic Central and the community at large. In their effort to be of service to their school, the National Honor Society has brought such speakers as Fr. Schwartz and Fr. McDevitt to C. C. The society also brought in a panel of former students to talk to the Juniors and Seniors about the problems of college life. In their efforts to aid their community, the National Honor Society sponsored the Christmas Food Drive, the Archdiocesan Opportunity Program – Tutorial Section, and the Archdiocesan Committee on Human Relations.

Gabriel Richard Club

Recognizes Top Students

The Gabriel Richard Club is an Honorary society for those students who maintain a 93% average with no mark below 85% for the entire academic year. In 1948 Catholic Central organized this club to encourage high scholastic attainment. Their choice of Fr. Richard as patron of this society was very appropriate. Fr. Richard was a Catholic missionary who labored in the Detroit area during its early days, and was one of the men most responsible for founding and organizing the educational facilities of Michigan.

The Missions

The departure of Fr. Clemens for the Mexican missions last spring has made the mission activities of the school a reality to the many students who knew him personally. It is to these particular missions, run by the Basilian Fathers, that the school sends the bulk of its contributions. The students can indeed be proud, since their donations were the largest given by any Basilian High School in the U.S. and Canada. Mission activities have always been a part of life at C.C. and this year was no exception.

This year was a most interesting and eventful one for the Lumen Club. The fifty-two members of the club were well pleased by the interesting schedule of events planned by club president Gary Grzebienik. These events included trips ot the Ford Motor Research Center, Wyandotte Chem., the Cranbrook Museum of Science, the Kalamazoo division of Upjohn Comp., plus many interesting lectures and films. The communal efforts of moderator Fr. Klosterman, ass't moderator Mr. Sequin, and Gary Grzebienik resulted in an educational and interesting Tenth Annual Art and Science Fair, definitely one of the school's best.

Hidden behind the many activities at Catholic Central is the Publicity Staff. Although few ever know of the group's existence, nearly every student has seen the results of its activities. In performing one of the many duties which keep C.C. in touch with the community, staff members write weekly articles for local papers and for friends of Catholic Central throughout the country. The statistics which reach every homeroom as well as team rosters for football and basketball games are the results of the staff's labors. Along with these activities, the group is responsible for many of C.C.'s sports articles in Detroit's major papers.

Behind the operation of the Publicity Staff is Fr. J. Enright, the man responsible for many of its major activities. Fr. Enright's hard work in these activities has made the staff an important part of the school.

Human Relations Day

Some of the visiting students

Among the numerous activities sponsored by the National Honor Society was the Human Relations Day in March. Members of the Archdiocesan Committee on Human Relations and several Negro students from Detroit high schools came to C.C. to take part in a dialogue on one of the major problems facing the American today -- the problem of race relations.

The purpose of the dialogue was to acquaint students with the seriousness of the problem and provide the opportunity for the students to either ask questions or express their true feelings on the topic.

The dialogue was begun with an introduction of the Committee members and a speech by Fr. John LaBauve, S.V.D., a Negro priest and native of Louisiana. Students then took the opportunity to ask questions. This was followed by a Mass, lunch, and a panel discussion in the gym led by Mrs. William Smith. This was to stimulate ideas and questions for the smaller discussions to follow in each homeroom. For each of these smaller discussions there were at least one lay director and one Negro student present.

Fr. John LaBauve, S.V.D., keynotes the day by concelebrating Mass with four C.C. staff members.

The Mothers' Club at C.C. may not receive as much publicity as other organizations, but never rate it as anything but a top rung supporter of Cathclic Central.

The Mothers' Club got off to an early start by selling advertising and publishing the Boys& Bowl program during the summer. Their calender includes Mass in the C.C. chapel every First Saturday, a dinner for the benefit of the school band, monthly ticket sales for the Five Hundred Club, a faculty Christmas party, and a Spring Fashion Show and Card Party.

Catholic Central owes a great deal to their hard working "moms".

Dads Club

The Dads' Club is an important part of life at C.C. The dads chaperone C.C. sock hops, sponsor the Boys' Bowl game, help organize the Annual Mayor's Hockey Tournament, help run home basketball games, sponsor the Spring Fund Raising Drive, put on Father and Son Nights, as well as a Mass and Communion Breakfast. These events help make the relationship between man and boy a better one. Twice a year the men hold a Millionaire's Party for the adults. The dollars raised by these hard working dads go towards keeping our school, especially the athletic department, well equipped.

The Drive Shows Catholic Central Is Number One

Drive. Guts. Hustle. The very words we use in expressing the qualities of athletes are also the words we use when we talk about the Catholic Central Spring Drive. This year's drive especially reveals these qualities in the students. During a ten day period, the students amassed close to $63,000. About $23 thousand of this was returned on the last day. As usual, Fr. Ned Donoher and his super-salesmen in 106 placed first in the homeroom standings with $8859 for 698% of their quota. High salesman was Mike Wrysch with $1500. Again C.C. proved to be No. 1.
